**Stream Energy Selects Wischmeyer Benefit Partners
to Administer Employee Benefits**

Dallas, Jan. 18, 2006 – Wischmeyer Benefit Partners, a Dallas-based agency that provides midsize and large companies with employee benefit services, has been selected by Stream Energy to administer a comprehensive benefits program to its employees.

“Wischmeyer Benefit Partners is supporting our company and its employees with substantial benefit plan cost-savings through longstanding provider relationships,” said Chris Domhoff, founder and managing partner of Ignite, a marketing division of Stream Energy. “Our commitment to our staff mirrors that of our commitment to our customers and independent associates. We generate loyalty and longevity by putting people first.”

“The deregulation of energy in Texas has created an opportunity for customers to demand lower rates and for new competitors to enter and flourish in the market,” said Mark Wischmeyer, principal of Wischmeyer Benefit Partners. “Stream Energy delivers each customer a creative energy solution and understands the value of account individuality, which is how Wischmeyer Benefit Partners approaches this partnership.”

About Stream Energy:

Combining a comprehensive, full-service approach to building and sustaining customer relationships with an aggressive pricing model, Stream Energy (REP License #10104) has catapulted itself into a major energy player in a very short time. A privately held company based in Dallas, Texas, Stream Energy has gathered over 130,000 residential customers in just its first year in business, largely on the strength of its network marketing subsidiary, Ignite. Through Ignite, Stream Energy educates consumers via one-to-one settings about the possibilities provided by energy deregulation to help people make money on their own electric bills and the electric bills of the people they gather to the business. Stream Energy also provides electricity service to a wide-range of small business and large commercial consumers. To learn more about Stream Energy, visit www.streamenergy.net.
